

**Leading the world
in chemical injection pump technology**

Model

SIA-24-L35-CR-TS-10050-BLDC

Model Type

Simplex Dual Seal Plunger

Motor Type

100w 24V BLDC Std Area

Max Continuous Output Pressure

3000 psig

Max Intermittent Output Pressure

3000 psig

Plunger Diameter

3/8"

Displacement / Cycle

1.8cc (100% stroke length setting)

Flow-rate @ 60 cycles / min (max flow)

6.48 LPD

Liquid Inlet Connection

1/4" NPTM

Liquid Outlet Connection

1/4" NPTF

Materials of Construction

Pump Section

316 Stainless Steel

Primary Seal

TS Grade - stainless steel filled PTFE

Non-Metallic

Viton & Ceramic

Seal Kits

Fluid Section

SK-L35-2-TS
